RESPONSE

TECHNOLOGY CENTER R3700

In response to the Office Action mailed September 11, 2002, the period for response (with one-month extension) being until January 11, 2003, please amend the application identified above as follows:

In the Claims:

Please amend claims 6-15, 32-33 and 35 and add new claim 51 as set forth below. A marked-up version of the claims as amended by this Response is attached as Appendix A.

Sub. D1
C1
6. (Amended) A language learning terminal for use with an external communication network comprising:

an interface means for receiving learning data including audio data and caption data from the external communication network, said interface means in communication with the external communication network;

a first memory means for storing the learning data;

a controller means for separating at least one of the learning data stored in the first memory means and the learning data received by the interface means into a caption data component and an audio data component;
